

Fitness Finders.

Shaping America's Future.

*Effective motivational programs
and awards designed to develop the
body, mind and character of youth*

CUSTOMER ALERT: Louisiana law requires us to send you a year-end summary of all your purchases from our company. Moreover, the law also requires us to report your name, billing and shipping addresses, and total amount of your purchases to the Louisiana Department of Revenue. We are not required to, and do not, collect Louisiana sales tax on your purchases. However, according to the Louisiana Department of Revenue, you are required to file an annual sales or use tax return with the state at the end of the year reporting all taxable purchases that were not taxed, and pay any taxes due. A purchase is not exempt from sales or use tax merely because it is made over the Internet or by other remote means. If you have privacy concerns or questions about Louisiana's purchase reporting law, please contact your state representatives. See <https://www.legis.la.gov/legis/Contacts.aspx>
