

Fitness Finders

Shaping America's Future

*Effective motivational programs and
awards designed to develop the body,
mind and character of youth.*

CUSTOMER ALERT: Pennsylvania law requires us to send you a year-end summary of all your purchases from our company. Moreover, the law also requires us to report your name, billing and shipping addresses, and total amount of your purchases to the Pennsylvania Department of Revenue. We are not required to, and do not, collect Pennsylvania sales tax on your purchases. However, according to the Pennsylvania Department of Revenue, you are required to file an annual sales or use tax return with the state at the end of the year reporting all taxable purchases that were not taxed, and pay any taxes due. A purchase is not exempt from sales or use tax merely because it is made over the Internet or by other remote means. If you have privacy concerns or questions about Pennsylvania's purchase reporting law, please contact your state representative. See <http://www.legis.state.pa.us/>
