EZ SCAN®

The Best App for Counting Laps

EZ Scan® is the amazing app that counts laps the EZ way. With each completed lap, students scan a QR code on a tablet or smartphone. The information is then synced to the EZ Tally® database. That's it! EZ Scan® saves you time and kids love it.

You'll love EZ Scan®

- The EZ Scan® app works on tablets and smartphones (iOS and Android).
- Each student has a unique **QR code** that is scanned with each completed lap.
- At the end of a session, simply push **Sync** to sync the data to the EZ Tally® database.
- EZ Scan® eliminates manual recording of laps (though it is still available).
- Multiple tablets or smartphones may be use at the same time.

How EZ Scan® works

1. Student names are entered into EZ Tally® to create a QR code for each student. (Copy and paste entire classes.)
2. Students run and scan their QR code with each completed lap.
3. Data is synced to the EZ Tally® database.

Scanning laps

1. Download the **EZ Scan® 2 app** to tablets or smartphones. As many as you need.
2. Log in using your EZ Tally® email address and personal password.
3. Press **Start Session** to scan the QR Codes.

That's it! Happy Scanning!
